How far in advance can I purchase my policy?

You can purchase your event insurance up to 1 year in advance.

Can I add additional insureds to my policy?

Yes, you can! You can add up to 10 additional insureds to your policy. This can be done on the very last page of the purchase process, where there is a section dedicated to adding additional insureds on the left-hand side of the purchase screen. Your venue will automatically be added as an additional insured!

Can I change the limits of insurance?

Our event insurance limits cannot be changed. They are standard across all of our event insurance policies.

My event type isn't listed, does that mean I can't get insurance?

Not at all! If you do not see your event listed while purchasing a policy, email one of our licensed sales reps at info@duuo.ca or start a live chat with us to sort it out.
